

# ENJOY THE SOUND EVEN MORE.

The highly reviewed Bose® Wave® music system is available with an optional Multi-CD Changer.

When the Bose Wave® music system was introduced, audio writer Wayne Thompson of the *Oregonian* called it “one-of-a-kind” and “my choice for product of the year.”

Today, the system offers you even more, thanks to an optional Multi-CD Changer that has been designed exclusively for the Wave® music system.

**Elegantly small, with sound that brings new life to music.** Hear the Wave® music system for yourself. Murray Hill of the Postmedia News Service says that “Everyone is astonished...You can hear every nuance.” You can even connect your TV or iPod® for lifelike sound. As Mathieu Yull of *Driven* says, “It can be difficult to marry engineering and style but Bose pulls it off with their compact Wave.” And this small system fits almost anywhere.

**The optional Multi-CD Changer lets you enjoy premium sound for hours on end.** Just slide one of your favorite CDs or MP3 CDs into the Wave® music system and three more into the Multi-CD Changer. They work as one to deliver performance after encore performance with quality that *AudioVideo International* says “ups the ante on big sound from small boxes.”

**All-in-one simplicity.** A credit card-style remote control lets you easily operate both the Wave® music system and the Multi-CD Changer. It’s a convenience you’ll appreciate when playing CDs or MP3 CDs, tuning into FM/AM radio or setting the clock and alarm.

**Take advantage of our 30-day, risk-free trial.** Choose your favorite color: Platinum White, Graphite Gray or Titanium Silver. And order the Wave® music system today. Better yet, order it with our Multi-CD Changer. We’ll give you 30 days to try them in your own home. When you call, ask about making **12 easy payments**, with no interest charges from Bose.\* Order the Wave® music system now and you’ll even receive a Connect Kit for your iPod or iPhone® free – a \$99 value.
