

Abdominal fat reducer provided to Hollywood stars by famous plastic surgeon now available to public

An advanced line of products produced by famous Beverly Hills plastic surgeon Dr. Frank Ryan is now available to the public.

Previously these products had only been available to Dr. Ryan's clients which included Oscar winning Hollywood movie stars and celebrities across the nation. These products substantially improve personal appearance without plastic surgery.

Dr. Ryan, perhaps the most famous Hollywood plastic surgeon in recent times, was extensively featured on television and in magazines across the nation. Dr. Ryan was also one of the first professional staff members of Endless Youth and Life which provides products and services that make celebrities look and perform many years younger than their age.

On August 16, 2010 Dr. Ryan died in a tragic car accident. It was Dr. Ryan's wishes that Endless Youth and Life would make his advanced non-surgical product line available to the public in the future. Endless Youth and Life is now complying with Dr. Ryan's wishes.

The first product being offered to the public is Dr. Ryan's most popular non-surgical personal appearance enhancement product, Dr. Frank Ryan's Abdominal Fat Reducer.

Abdominal fat is the most stubborn fat to reduce and it is also the most hazardous fat to health. Abdominal fat produces destructive hormones that spread throughout the body. A clinical study has shown that Dr. Frank Ryan's Abdominal Fat Reducer can reduce your pot belly without changing your diet or physical activity.

A double blind clinical study was conducted on Dr. Frank Ryan's Abdominal Fat Reducer. The study was commissioned by Advanced Supplement Research and used a research group which conducts clinical studies for the major drug companies.

The test subjects in the study lost significant weight and reduced their pot belly without changing their diet or

physical activity. People who were not exercising or dieting lost weight and pot belly as well as those who were exercising and dieting.

The study also showed that Dr. Frank Ryan's Abdominal Fat Reducer significantly increased calorie burning so that you lose weight faster or you can eat more food without gaining weight. And, the study found that the all natural Dr. Frank Ryan's Abdominal Fat Reducer pill produced weight loss safely.

How does Dr. Frank Ryan's Abdominal Fat Reducer work?

It was found in a number of research studies that a substance called Conjugated Linoleic Acid (CLA) decreases abdominal body fat in three ways: 1.) CLA decreases abdominal body fat mass by decreasing the amount of abdominal fat that is stored after eating; 2.) CLA increases the rate of fat breakdown in abdominal fat cells; and 3.) CLA increases the rate of abdominal fat metabolism which decreases the total number of fat cells. You can think of CLA as a match that lights the fuse in abdominal fat. This fuse also increases metabolic rate that can result in more fat loss. Dr. Frank Ryan's Abdominal Fat Reducer contains the effective dose of CLA.

CLA interferes with an enzyme called lipoprotein lipase (LPL). LPL is an enzyme that helps store fat in the body.² So, by inhibiting this fat-storing enzyme LPL, CLA can help reduce the re-accumulation of fat. CLA also helps the body use its existing abdominal fat for energy, thereby increasing fat oxidation and energy expenditure.

Dr. Frank Ryan's Abdominal Fat Reducer also contains other super highly advanced all-natural ingredients that help reduce abdominal fat.

Studies have shown that Dr. Frank Ryan's Abdominal Fat Reducer ingredients increase the rate of fat metabolism, which reduces both surface and intestinal abdominal fat and helps inhibit future formation of these abdominal fats.^{3,4,5} One of these ingredients is a very high quality and

Dr. Frank Ryan, famous plastic surgeon to the Hollywood stars, was featured on television and in magazines across the nation on an extensive basis. Before he died in a tragic car accident on the Pacific Coast Highway near his ranch in Malibu, Dr. Ryan fulfilled his lifelong dream of developing a line of products which would substantially improve personal appearance without plastic surgery. This product line, which includes an advanced abdominal fat reducer was previously only available to Dr. Ryan's clients. It has now been made available to the public.

I'm Johnnie Smith. I was on Dr. Frank Ryan's Abdominal Fat Reducer for 30 days. I lost 21 pounds and lost 4 inches off my waist without any changes to my diet or physical activity.

Dr. Frank Ryan's Abdominal Fat Reducer

My name is Christie Kuykendall. Thanks to Dr. Frank Ryan's Abdominal Fat Reducer I was able to lose all of my stubborn pot belly without changing my diet or physical activity.

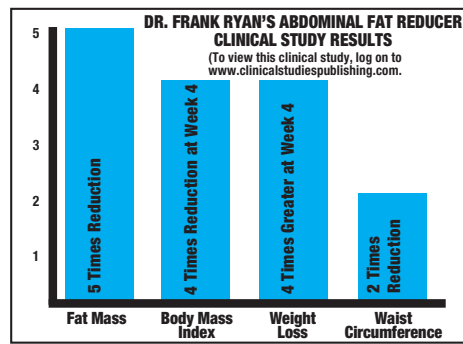

potent extract of green tea. This extract is EGCG, which has been shown in clinical studies to dramatically and quickly increase calorie burning which helps to quickly reduce abdominal body fat.⁴ These ingredients start working in 20 minutes to increase calorie burning, which is the first step to reducing the pot belly.
