### Looks for in a Woman

1. Low expectations. If you're not expecting a lot, I may be your guy.
2. Someone who thinks the words "sexy" and "husky" are close cousins.
3. She likes short walks on the beach.
4. Easy on the perfume. Unless we're touring a dairy farm at three in the afternoon in mid-August, a little dab behind the ears is plenty.
5. She refuses to watch *The Three Stooges* if Shemp is in it.
6. A woman who isn't afraid to get in a fight over a foul ball at Wrigley Field.
7. She doesn't ask why I keep my T-shirt on during sex, she just knows.
8. She likes beer and she likes watching me drink beer. Then we switch.
9. A clean car. If the inside of her car is filled with wrappers, cups and bags, the inside of your car is about to be filled with wrappers, cups and bags.
10. If you got a little tattoo on your ankle, beautiful, good for you. If your arm looks like a comic book and you got a radish drawn on your forehead, you might be a little too impulsive for my tastes.

### Looks for in a Man

1. He has a car and a place to live. Hopefully they're not the same thing.
2. Someone who makes me laugh so hard I actually snort.
3. Owns floss and uses it. Doesn't just leave it out for show.
4. Thinks I look sexy in white jeans even though I don't own any or would never wear them.
5. He's not only good in bed; he doesn't mind making it or dusting under it.
6. No baby talk! Unless it's to babies.
7. Size matters. I'm talking about his heart – I like a sensitive guy.
8. I love a man in uniform: cop, fireman, mechanic, clown. Scratch that, clowns are creepy.
9. He's not threatened by my love for Bon Jovi. The early BoJo, before the haircut.
10. A guy who knows to order onion rings for the table.
